

ROOSEVELT'S REAL VIEWS.

I feel that all good citizens who have the welfare of America at heart should appreciate the immense amount that has been accomplished by the present Congress organized as it is, and the urgent need of keeping this organization in power. With Mr. Cannon as Speaker, the House has accomplished a literally phenomenal amount of good work. It has shown a courage, good sense and patriotism such that it would be a real and serious misfortune for the country to fail to recognize. To change the leadership and organization of the House at this time means to bring confusion upon those who have been successfully engaged in the steady working out of a great and comprehensive scheme for the betterment of our social, industrial and civic conditions. Such a change would substitute a purposeless confusion, a violent and hurtful oscillation between the positions of the extreme radical and the extreme reactionary, for the present orderly progress along the lines of a carefully thought-out policy.—Roosevelt's Letter to Watson.

THE SIGHT OF SIGHTS.

I've seen the Jungfrau in the sun,
Resplendent, pure and white;
I've dreamed in Capri's grotto blue
Afloat with azure light.

Niagara, the Yellowstone,
The Taj and the Sistine,
The Vatican, the Koh-i-Noor
My traveled eyes have seen

Those sights, once dear, seem cheap, now I
Have had the happiness
To see, upon the shining sands—
Helle—in her bathing dress.

Present Inconvenience to Hundreds of Cincinnati Newspaper Subscribers

Up to the past two weeks, the afternoon Cincinnati papers have been "dumped" from the express car at the West End Station of the C. and O.

This was a matter of much convenience to the Agents for these papers, as well as to a very large body of their patrons.

But the intolerable racket kept up by the boys employed as "newsies" by one or both the Agents so disturbed the railway officials and employees that an order resulted directing the Adams Express Messenger to carry the papers to the Market street stop and put them off there.

For several nights the Messenger compromised by loading the bundles on the local express wagon, whose driver threw them off at Second and Lower streets—entirely beyond the bounds of the Railway Company's premises.

This worked equally as well as dumping them at the Station; but yesterday the edict went forth that they must be carried to Market street!

Thus many innocent patrons of the papers are made to suffer for the sins of a handful of disorderly newsboys!

Being advised of these facts, Mr. Robert M. Cartmell, Local Agent of the Adams Express Company, ever ready to accommodate and make friends for his Company, has agreed to take the matter up with his Chief, and see if the order cannot be changed so as to allow the papers to be handed over to the local driver at the car, and be thrown off his wagon at Second and Lower streets.

This arrangement will satisfy everybody.

GENERAL APATHY

The Old Vet in Command of the Troupes Hereabout

The November election is one week from today. From the general apathy hereabouts no one would hardly guess that such an important event was so close at hand. It has been the quietest campaign ever known in this city. There has been less talk about it than that of an ordinary city election; the hums even have been quiescent.

It may be that it is the calm that precedes a storm, and on Tuesday next the old town may be rocked from center to circumference with excitement and overdue enthusiasm during the short engagement of the battle of the ballots.

What is said in connection with the election is pertaining to the Congressional and Senatorial contest; the state offices appear to be a matter of no importance whatever, and are rarely mentioned.

The large number registering as Independents indicate there are those whose sails are set to the windward, and if there is any money in sight on election day they are out for a piece of it.

ANOTHER KILLING

Jess Kennedy Run Over By Train in the Sixth Ward

Jess Kennedy of Fearis, Mail Carrier between Springdale and McKenzie, was killed yesterday afternoon about 4 o'clock by the C. and O. yard engine at the crossing in Main street, Sixth Ward.

The deceased came to town yesterday and during the day became intoxicated.

In the afternoon he boarded a streetcar and started for the East End. He became so hoisterous that he was put off the car at Klutich's Grocery.

After creating a scene at that point he started on his way home, going up Second to Main and passing out that thoroughfare to the railroad track, intending, no doubt, to use it as a path home.

He was carrying several bundles, purchases he had made in the city, and the supposition is that when he had reached the railroad he stumbled and fell, and in his helpless and drunken condition was unable to get up. The lookout on the train saw the object lying on the track, and signaled to the Engineer, who sounded the whistle repeatedly and at the same time reversed his engine, but not in time to save the man's life.

His head was nearly severed and he was otherwise mangled.

Coroner Orr held an inquest over the body and returned a verdict of accidental death and held the railroad crew in no wise responsible for the occurrence.

The deceased was 46 years old, and leaves a daughter, Mrs. Mary Lon Hendrickson of Poplar Flat.

His remains were prepared for burial by Porter & Cummings and were taken this morning to Fearis, where they will be laid by the side of his wife in Ebenezer Cemetery at 2 o'clock this afternoon.

Two Roosevelt Bears had a home out West in a big ravine near a mountain crest. Where they ate their meals and took their rest. And gathered strength and sunshine and cheer. And welcomed friends from far and near. They chopped down trees and hunters dared. And hopped their ranch and panthers scared. And preached to goats and big horned sheep. And ordered that they the laws should keep. They boxed with chums and nipped strife. And generally led a strenuous life. One bear was black and one was gray; Each was good, and neither would say A swear word loud either night or day. In love and learning they were both alike; They could run a motor or hike a bike, Or drive a hansom as good as Mike, Or sit at dinner with the smartest set, Or talk in a 'phone or dance or bet, Or send wireless messages from tree to tree, Or copy the styles like you and me. These things they learned from papers lost By weary travelers as the hills they crossed.

Wonder if the Democrats will try once more to manipulate the votes in Fleming and Harrison counties in case Mr. KENOE is beaten by Judge BENNETT? Or, have they framed up a new "scheme" for this election?

It is highly important that at the coming election every citizen of Maysville vote for the School Bond issue. If it carries, we will have at least two Public School Buildings of which every citizen will be proud; if it fails, it will be a reflection on the enterprise of our people.

The true Republican will not let personal considerations influence his vote in the coming Congressional election. At some time or another, many a good man is "snubbed," or "turned down" as the boys say; but he cannot better matters by going over to the enemy. A vote for Judge BENNETT, above all, is a vote to continue the Republican policy in National affairs. Think it over!

Our friends the Democrats can beat any band when it comes to blowing two ways at once. They are continually blaming the Republican Congress for voting away so much money; and now they are urging the election of Mr. KENOE, Democrat, from this District, on the chief ground that he voted more money out of the Public Treasury than did Republican Judge BENNETT!

PRESIDENT ROOSEVELT has given unequivocal indorsement to Hon. CHARLES E. HUGHES, candidate for Governor of New York.

The Northern Pacific has at least 10,000 cars which it is unable to move, so great has the offered business become. SCHOOL BONDS.

"Yes!" or "No!"—The Question as It Appears to a Citizen

At the coming election the voters of Maysville will be confronted by the proposition to vote bond issue of \$60,000 for the erection of two new school buildings. It is the duty of every voter to vote Yes or No on this proposition. Furthermore, it is a duty which each voter owes himself and the municipality to vote intelligently.

First, do we need new school buildings? The twelve men who constitute our Board of Education, and who have been elected to represent the city in educational matters, have so affirmed by unanimous vote. Our City Council has concurred in the same without a dissenting voice.

These two public bodies thoroughly investigated existing conditions before forming a conclusion. They have decided that some of the buildings are wholly unsanitary; that they are insufficient in size; that the lighting and ventilation are wholly inadequate; and the heating facilities very imperfect.

This is done, in part, to the Gothic method of architecture employed in the construction of some of the buildings, and in part to the fact that others were formerly antiquated residences and were never intended to be used for school purposes.

We believe that no rightly disposed person who possesses a thorough knowledge of conditions can vote "No" on the proposition.

We might go on and enumerate the many benefits that would accrue, not only to the patron of our Public Schools, but to every citizen and to the municipality, from the erection of modern, sanitary school edifices. These things should be patent to every wide-awake citizen, and their enumeration unnecessary.

Danton, the French statesman, said over one hundred years ago: "After bread, education is the first need of a people." The Maysville High School is on the accredited list of the best colleges of the state, and her graduates are matriculated in colleges of equal rank anywhere. We should not grudge her our support.

All it takes is good sense and a little liberality on the part of the taxpayer.

The enforcement of the truant law has been mentioned. It should be enforced. Like many other "mandatory" laws on our statute book it has never been enforced because of its "impracticability." Every normal child between the ages of eight and fourteen years should be in school. Those that are abnormal should be in institutions provided by the state for their

retention. The three main grounds upon which our educational system rests are these: First, the right of every man to the completest education he can give on his own account, as necessary to his enjoyment of himself; second, the right of his fellow-citizens to have him educated, as necessary to their enjoyment of his society; third, the right of the unborn to be guaranteed an intelligent and refined parentage.

To compel the education of the illiterate many that are growing up in our midst will be to raise the standard of civilization and enlightenment in our city, but in order to do this, buildings sufficiently large to accommodate them must be provided. CITIZEN.

An entire Regiment of troops has been dispatched by the War Department to round up the disaffected Ute Indians in Cherokee county, Wyo. Old settlers in Wyoming fear there will be serious trouble if the Utes should succeed in joining forces with the Cheyennes.

The heavy winds did much damage in the way of scattering fodder shocks.

The largest house in its history, one thousand and thirty-five persons, witnessed the opening performance of the Harris-Parkinson Company at the Washington Theater last night, and we can safely say that every one was well pleased with the company and with the play presented, "A Great Wrong Righted." The company is a good one throughout, and is headed by Mr. Robert H. Harris. The specialties are all clever and the bioscope moving pictures and illustrated songs excellent. Tonight the company will play "Daniel Boone or On the Trail" and should draw a large house.

As details developed, Sunday's disaster at the drawbridge on the West Jersey and Seashore Railway across the "Thoroughfare," near Atlantic City, became more horrible. There were 91 passengers in the cars that went into the water. Of these, 51 dead bodies have been recovered, 2 are missing, and 38 were rescued, more or less injured.

Southerners Excited Over Cooper's Cures.

There seems to be no let-up in the excitement over the remarkable cures of stomach trouble and rheumatism that L. T. Cooper, the young philanthropist, is effecting with his medicines.

His work in New Orleans for the past few weeks has been creating wide attention in that section of the country. On the streets, in hotels and other public places Cooper's cures are the sole topic of conversation. He is discussed everywhere, and the newspapers contain daily reports of his cures. A number of startling cases have been cited and the names of the most prominent citizens have appeared in connection, which fact seems to verify the truth of the reports.

In an interview with Mr. J. T. Russell, a well-known business man of New Orleans, living at 2538 Delcelsse St., who is reported as having been cured of Rheumatism with the new medicines, he said: "It is true that I have been wonderfully benefited by Cooper's New Discovery medicine in a very severe case of Sciatic Rheumatism, from which I suffered for some time. I have used Cooper's medicines one week and the results have been truly marvelous. Before that time I was almost helpless, and now I can use the afflicted parts freely without the least pain. The swelling and soreness disappeared soon after I began using the treatment and now I am improving every day."

Mr. A. J. Erskine, another prominent and influential man of New Orleans, living at 1005 Annunciation St., whose name was

among those printed in a recent issue of the Pictoryne, was seen and talked freely of his experience. He was enthusiastic in his praise of Cooper and said: "I am enraptured myself, at the wonderful results I have obtained from the use of these preparations, for my case was a most obstinate one and has baffled medical skill for the past three years. I have been suffering from Inflammatory Rheumatism and sometime ago I went to a hospital, where I received the best of care and was treated by several physicians, but without relief. One of my knees was greatly swollen, and so sore that I could not bear to touch it. I had tried everything I ever heard of, and had about given up hope of ever getting better when I began to read stories of Cooper's marvelous cures. I determined to see what his remedies would do for me, however, and began using them. At the end of the first week the swelling had been reduced and I could use my limb freely without the least pain. I have been improving right along and now I feel better than I have for some time."

Cooper's preparations are well-known in this city, and have effected some remarkable cures here. At T. J. Chenoweth's Drugstore, the local sales agency for the medicines, it is said that the demand has been enormous, and that the sales are still on the increase, which fact amply proves their effectiveness.

DR. BOUCHELLE.

Dr. L. B. Bouchelle of Thomasville, Ga., a physician well known in the South, is very enthusiastic over the cod liver oil preparation Vinol. He says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or pulmonary diseases and to create strength."

Our local Druggist, John C. Pecor, says people of Maysville should remember that Vinol is not a potent medicine, but the medicinal elements of good old-fashioned cod liver oil in a highly concentrated form—taken direct from fresh cods' livers—the useless oil eliminated and tonic iron added.

This is why it is prescribed so generally for bronchial and pulmonary diseases. It is splendid to create an appetite, strengthen and tone up the digestive organs, make rich red blood, and replace weakness with strength.

We ask every weak, thin, run-down, nervous and aged person in Maysville, and all those suffering from chronic colds, coughs and weak lungs, to try Vinol on our offer to return money if it does not benefit them.

JOHN C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drugstore in nearly every town and city in the country. Look for the Vinol agency in your town.

L. T. Penn of Cynthiana has sold to L. T. Anderson of "Point Au View" Stock Farm his brown harness horse, "World's Wonder," for \$600. The horse was one of the biggest winners in harness and model rings at the various fairs the past season and said to be one of the handsomest and finest harness goldings in Kentucky.

A defective flue caused a \$5,000 fire at Jesamine Female Institute, Nicholasville.

Mrs. Bridget Lynch fell Saturday evening at her home in Vine street, breaking her left arm at the wrist.

Mr. W. O. Conway of Atlanta, Ga., and Mrs. Ella Belle Sharp of Sharpsburg were married a few days ago.

After thirteen and one-half hours deliberation, the Jury in the case of Daniel Adams, former attendant at the Lexington Asylum, charged with the murder of Fred Ketterer, returned a verdict of assault and battery and fixed the penalty of one year in the Fayette County Jail.

A wedding shortly to occur in Portsmouth that will be of interest to many in this city is that which will unite the lives of Mr. Asa Dawson and Miss Maude Lawson. Mr. Dawson was formerly of this city but is now one of the prosperous young business men of the thriving Ohio city. Miss Lena Hottes of Lexington is to be Maid of Honor at the wedding.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sledge, 540 Jones Ave., Selma, Ala.

Sold throughout the world. Cuticura Soap, 25c. Ointment, 30c. Resolvent, 25c. In bottles of Cuticura Cream, 15c. per box of 60, may be had of all druggists. Lott's Drug and Chem. Corp., Sole Props., Boston, Mass. Sent Mail Free. "The Cuticura Skin Book," and "How to Cure Disfiguring Humors."
